

{free} 1st Grade Mad Minutes

26 Sheets of Math Practice

www.livinglifeintentionally.blogspot.com

Mad Minutes are a great way to help your child review math facts and become more comfortable completing simple problems quickly. This is an essential life-long skill they will need!

There are 2 ways to use these:

- 1) Timed (hence the name made MINUTE)
- 2) Not-timed (for kids who don't like competition or working against the clock)

As with all my printables they are free for your personal use only. Please do not sell or host anywhere else. You are welcome to share my blog, but please do not link people to the download link only.

All graphics were purchased and used with permission from Scrappin Doodles.

If you've enjoyed my {free} resources please take a moment to share my blog with a friend and leave me a comment letting me know this was helpful. It makes my day when I hear from a reader that is blessed by my work!!

Thanks! Beth
